

Victory Dinner Celebrates Opening of the New Bank

With the battle over and the victory won, the Arlington Heights Lions Club was host Tuesday evening at a Victory dinner in honor of the opening of the Arlington Heights National Bank.

And it was a genuine victory celebration with the capacity crowd of some 150 persons filling the spacious banquet hall of the Lutheran school to capacity.

The crowd was in a happy, joyous frame of mind; they were there to celebrate the completion of a great community effort, and they put their whole heart into the celebration, the same as they had into the promotion of the new bank.

President Ernest Malzahn of the Arlington Heights Lions Club called the meeting to order following a most sumptuous dinner served by the ladies of the Lutheran church and in few well chosen words welcomed the crowd to the happy event. A number of whom were present that evening. Mr. Volz told of the progress of Arlington Heights from the days of the mud roads and board sidewalks up to the present. He reviewed the struggles and accomplishments of the town and the people and said that the only thing that made possible those accomplishments was the faith of the people in each other and their faith in their community.

He spoke of the depression, the closing of the banks, the days that followed with no bank in the community and then of that day in January, 1936, Jan. 7, to be exact, when Carl Ewert brought up the question of a new bank at a Lions Club meeting and was appointed chairman of the committee to investigate the possibilities of the formation of a new bank. This committee included besides the chairman, Alfred Jasper, Hugo J. Thal and Henry Miller.

The long and tireless work of that committee was then briefly reviewed by the toastmaster. He told of the holding of public meetings that were rather cool toward the proposition; of the spirit of that committee in the face of discouragements; of how they contacted Herman H. Franzen, the well known banker, and of the words of advice and encouragement received from Mr. Franzen. And finally after a year of ceaseless and tireless effort the work of this committee was accomplished, the required amount of stock was sold, the Peoples State Bank building was purchased, officers and directors were elected, the final O. K. came from Washington and on Saturday, February 20, 1937, the new bank officially opened for business.

And then in glowing words of tribute to the man who had so largely helped to make all this possible the toastmaster introduced the president of the new bank, Herman H. Franzen. Mr. Franzen, in his quiet and dignified manner, told of the fine spirit which had greeted the new bank on its opening day when over 800 people visited the new institution to offer their congratulations and to give their support to the new bank.

Many accounts were opened that day and many people gave promises of opening accounts in the near future. The new bank was filled from early morning until closing time with interested persons, glad to see the new bank come to Arlington Heights and showing by their interest and support the spirit of the community. Mr. Franzen paid high tribute to the spirit of Arlington Heights as evidenced by the cooperative action on the part of the public, the business men and the newspaper publishers.

He told of some of his early banking experiences and how in the old days he frequently consulted Mr. Morse of the Corn Exchange Bank on troublesome matters and how that bank official always gave freely of his advice and knowledge of banking matters. He told of how during one period of doubt he consulted a judge of his home county and how that man told him that he was all right in his actions on the particular problem and also advised him to "throw all possible safe guards around the bank because there would always be trouble enough anyway."

And Mr. Franzen said in closing "that is what we propose to do here, throw all possible safeguards around the bank."

The next speaker was Mr. Dan Norman, vice president of the Continental Bank of Chicago, who spoke interestingly of the development of banking. He told how in the old days there was not a great deal of confidence between the banker and his depositors or between the banker and the business men of the community. But those days had changed said the speaker and a large part of that change he credited to the service clubs such as the Lions clubs, who brought the business men together and showed each other that the banker, who was really a human being, didn't wear horns or anything of the sort. He showed how business men and bankers were now becoming better acquainted with each other and also becoming more helpful to one another, and how mutual arrangements for the good of all brought

Bank Opening Meets All Expectations

The Arlington Heights National Bank is open, and there is a new zest to the business life of that town. Farmers who have not driven to Arlington for their Saturday trading in the last four years, have returned and again greeting former business friends, with the words, "gee, it's good to be back home."

Seven hundred fifty adults visited the bank on its opening day. All of them did not open accounts, but they expressed pleasure at a return of a bank to Arlington and extended their greeting to the bank officials. Additional clerical help for the opening day was furnished by the Roselle and Itasca State Banks and the Continental Illinois, which is the Chicago correspondent of the new institution.

Over a hundred savings accounts were opened that day as well as a great many checking accounts. Some of these accounts may have come from local people who were previously compelled to bank in neighboring towns, but there were many that came out of deposit boxes and the proverbial "stockings."

As a person entered the door of the bank Saturday his eyes were met with an elaborate display of flowers that brought expressions of good will from neighboring banks, Lions clubs and business firms. Among them were First National Bank of Des Plaines, Mt. Prospect State Bank, Roselle, Itasca and Fox Lake State Banks, Harris Trust and Continental Illinois, of Chicago, Wheeling State Bank, Chemical Bank and Trust Co., New York City, Cadwallader, Johnson, Barrington and Arlington Heights Lions Clubs, A. Evenson, Giescke's Store, Eugene H. Henzen, T. K. Hayes, Malzahn & Goedeke, Arlington Theatre, Farmers Insurance Fund, Harold Willson and others.

people together in better understanding and made far better business and a better community. Mr. Norman also told how the banking regulations were becoming more strict, how in the old days a man with money could go into a community, associate a few men with him and start a bank.

Now capable and experienced bank investigators go over the ground where a new bank is planned, investigate the needs of the locality as to a bank, check up on the business of the community and then carefully investigate the character and experience of the men who will be chosen to operate the bank. Before consent is given to open a new bank, the need of a bank in that locality must be established and the men who are to run it must be above criticism.

Mr. Norman saw a good future for the new Arlington Heights bank as he said he was acquainted with the large farming area of which Arlington is the natural trading center and that the farmers' business was always a great help to the business of the community. He paid tribute to the new bank officials and to the community for its great work in establishing the new bank saying that a good bank selects a good community and a good community selects good bankers to run its bank.

The last speaker of the evening gave the occasion the color of a Washington's birthday observance as well as a bank victory. Mr. Volz introduced Rev. Graylock of the Roselle Lions club, who held his audience spellbound for over half an hour by a glowing tribute to "Washington, the Man of the Hour. It was a great address, forcefully delivered, on the Father of Our Country and was greatly appreciated by the audience.

The evening came to a close with an entertainment arranged by Roscoe Reed who presented "Laurant, the Man of Many Mysteries" who surely mystified the crowd for over half an hour with his great works of magic, making impossible things happen that never did happen, right before the eyes of his astonished audience.

Following this entertainment President Malzahn adjourned the meeting and the big crowd broke up voting the evening one of the greatest successes in the history of Arlington Heights and as marking not only the celebration of a great civic accomplishment, but also the beginning of a new period of progress and prosperity for Arlington Heights and the surrounding territory.

Visiting delegations were present from Barrington, Palatine, Des Plaines, Roselle and other communities to join their Arlington Heights neighbors in celebrating the successful outcome of their splendid community effort in the organization of the Arlington Heights National Bank.

Mrs. Catherine Lauterburg celebrated her eighty-second anniversary February 22, sharing her honors with the Father of our country. Just note how patriotic our home town mothers are and always to have their birthdays celebrated. Mrs. Lauterburg's children, grandchildren and intimate friends rallied about her and wished her many happy returns of her anniversary.

An Open Letter To The Citizens Of Arlington Heights

Because of a petition now being circulated by Albert Schock, former village officer, residents in the outlying district, are advised that they need not feel undue apprehension about full and proper police protection.

Except for the purpose of giving this man employment, no good reason exists for private expenditure of funds for private watchman service in these districts.

This letter is published, not to embarrass Mr. Schock, but to reassure the entire community that the Board is wide awake to police problems and intends to go the limit in supplying needed protection against a re-occurrence of the recent crime wave.

Another regular police officer will be assigned to the force as soon as possible.

Citizens are requested to cooperate with the Board in police matters by directing inquiries and complaints direct to the Chief of Police or to the Board.

Signed,
J. D. FLENTIE, Pres.
Board of Trustees.

Two Die In Auto Crash

Two men were killed Monday afternoon at South Plum Grove road and Route 58, three miles south of Palatine in one of the most freakish accidents in the history of Cook county. Both men were alone in their cars and there were no witnesses to the accident.

The men killed were Jacob Tay of 1413 Millard avenue, Chicago, a medicine peddler, who had been making this territory for several years, and Louis Benhart of Roselle, an employee of the freight department of the Milwaukee railroad.

Tay's body was found about sixty feet from the scene of the crash in a field at the southeast corner of the intersection. The body was about 15 feet from his car, which had not been overturned.

Benhart's body was found near his car, which had apparently been lifted from the body by someone unknown.

The accident, as reconstructed by County Officer Peter Krukowski, from the appearance of the wrecked cars, was caused by the two cars crashing together on the intersection. Tay was apparently going south on Plum Grove road and Benhart was headed east on route 58. Apparently both drivers had tried to swerve out of the way of the other, but were too late in their efforts.

There is a clear view at that intersection in all directions, it was a clear day and there was no ice or snow on the pavement. Tay was driving a Pontiac sedan and Benhart an Oldsmobile sedan.

Dr. Alfred Wolfarth of Mt. Prospect and another autoist were apparently the first persons to come upon the accident. Dr. Wolfarth saw a car about half a mile in front of him stop at the intersection, the Doctor also stopped. Both men were dead when Dr. Wolfarth reached them and Benhart's car was resting upon the body. Dr. Wolfarth went to the Freise farm near the scene of the accident and notified the county highway police.

Officer Krukowski testified at the inquest that some farmer named Freind had called the police and that he had been unable to locate him as yet. Relatives of both men attended the inquest at the Lauterburg & Ochler Funeral Parlor, Arlington Heights, Tuesday morning. A gold watch and chain belonging to Benhart had not been found at the time of the inquest. Other valuables were turned over to the coroner's office by the county police. The wrecked cars were taken to the Gaare garage.

An accident of such size and with such fatal results without any witnesses is rare in the history of Cook county's record breaking list of auto fatalities.

Volley Ball And Chili Go Well Together After Lodge Meetings

Members of Arlington Heights Lodge A. F. & A. M., are having some good times after regular meetings. Last Thursday evening Ed. Wilke as chief conceived a chili con carne that the boys say was better than any Arlington Heights wife could prepare. Before and after the chili the boys enjoyed volley ball. Lodge night is meaning a lot more than formerly to this crowd of fellows.

Women's Clubs To Vote On Supreme Court Plan

The Barrington Woman's club at their next meeting, will conduct a straw poll on the sentiment of the members in regard to President Roosevelt's plan to pack the Supreme Court.

The sentiment of the Women's club is being taken upon the request of the National Federation which requested this action of the State Federations and they in turn passed the request along to the local clubs. The Arlington Heights club will also vote on the President's plan at their next meeting.

Two Tickets In Wheeling, Elk Grove

With the final date for filing petitions for township offices only a few days away two full tickets and possibly other independent candidates seem probable in Wheeling and Elk Grove townships.

In Elk Grove township the Citizens ticket has been completed and petitions filed. This ticket is composed of the following candidates:

For supervisor, Albert Wilke. For town clerk, Arthur Heimsoth. For assessor, William Rohlfing. For collector, G. L. Busse. For highway commissioner, W. C. Wilke.

For justices of the peace, Willard Beer and W. W. Weiss.

For constables, Geo. E. Whittenberg and Christ Frost.

For school trustee, Arthur Busse. Another ticket is rumored for Elk Grove township, but no definite announcement has as yet been made.

The first petition filed in Wheeling township contains the names of the present officials and is a coalition slate with party politics left on the side lines. This ticket contains the names of the following candidates:

For supervisor, Charles F. Grandt.

For town clerk, Howard Helm.

For assessor, J. Fred Meyer.

For collector, William Annen.

For highway commissioner, Herman Garm.

For justices of the peace (5 to be elected), Wm. E. Kopplin, Gilbert J. Klehm, William Weber, Carl H. Behrens, Clarice Weider.

For constables (5 to be elected), Carl H. Skoog, Floyd Dobbins, George Mollenkamp, Al Sloob, Fred Hinz.

For school trustee, Edmund G. Nicol.

Another ticket is in the process of formation in Wheeling township headed by Theo. Studtmann for supervisor and with Ernest Malzahn for assessor. Henry Busse for collector, Elmer Schroeder for highway commissioner. The balance of the new ticket has not been completed, but the sponsors of the new group expect to have a full ticket in the field before the filing dead line on Tuesday.

In Palatine township there has been no opposition to the Citizens ticket, which was filed some time ago and this ticket, a coalition slate, seems to have the united support of all parties and to be favorably regarded by the citizens of the township. All candidates on this ticket are well and favorably known and this group apparently will be unopposed. The Palatine candidates are:

For supervisor, John H. Meyer.

For town clerk, George Howes.

For assessor, Herman C. Devermann.

For collector, Thomas C. Hart.

For highway commissioner, Henry Roper.

For justices of the peace, Elvin P. Steinbreich, Wm. H. De Pue.

For constable, George Meyer and Charles Foltz.

For school trustee, Charles Langhoff.

The jobs of justice of the peace and constable seem to be well beging in Schaumburg township. No petitions have as yet been taken for these offices. Petitions are in circulation for all other offices with the only contest thus far developed being for highway commissioner with August Hattendorf and Frank Sporeleder being candidates for that office.

Other township candidates are F. W. Pfingsten for supervisor; Louis Redeker for town clerk; Herman Lichthardt for assessor; Wm. Giescke for tax collector and John Meyer for school trustee. The last day for filing petitions is March 2.

Girl Released From Auto Death Charge

Miss Jean Volence, 3204 S. 52nd road, Cicero, driver of an automobile which collided with a car driven by Jack V. Miller, Glenview, at the intersection of Algonquin and Barrington roads on November 15, was released from a manslaughter charge by J. Goldman, justice of the peace, Wednesday afternoon. Miller died at the Sherman hospital in Elgin a few hours after the accident.

The case was dropped when the complaining witness, Andrew Miller, father of the dead man who was formerly chief of police at Glenview, failed to appear before the court to press the charges filed by him.

Recovers From Serious Injury

Clyde Vivian of Gladstone Park was released from the Community hospital last Thursday and returned to his home.

Mr. Vivian was injured last October in an auto accident at Chicago Ave. and the Northwest highway.

He suffered a severe leg fracture and 19 injuries and it was only after 19 weeks of careful and painstaking work on the part of Dr. C. A. Stark that he was able to resume his normal life in good physical condition.

Rev. Hubbard's Advice To Parents

(Address delivered before Arlington Heights P. T. A.)

Prepare for the child's future before we realize we have done what we shouldn't and haven't done what we should.

All parents look forward to their children going through school and should have them prepared for the different stages they will encounter.

Fill your boy and girl with the realization of the beautiful things in life.

Find your child's talents and let him develop those talents.

Give him social contacts and he will learn to live righteously.

Arlington Burglaries Are Now Solved

Through the tireless efforts of Chief Carl H. Skoog of the Arlington Heights police force, the recent epidemic of robberies in Stonegate and Scarsdale, have been solved.

Tony Garratino, 17 years old was arrested by Chicago police on January 9, 1937. With Garratino at the time of his arrest and also arrested with him was Harry Cienda, who is now serving time in the county jail. Elmer Schroeder, the third member of the gang was arrested by the Elgin police and turned over to the Chicago police.

Chief Skoog obtained Garratino's confession in Judge Brandes court on February 17. Garratino stated that he is in company with Cienda whom he knew as "Seattle" and Elmer Schroeder did the burglaries in Stonegate and Scarsdale. He told a complete story of the operations of the gang.

He charged that Schroeder had taken all the clothes the gang got in their robberies and sold them in the vicinity of the McCoy hotel. He did not know where any of the clothing could be found unless he could identify it being worn by some of the hoodlums along Madison street. Cienda was a resident of the McCoy hotel.

Garratino stated that he got mad at Schroeder and that he and Cienda started out on their own. He said that he got a piece of lead pipe and was going to hit some one on the head and take their belongings, but the police picked him up before he could accomplish his purpose.

The Garratino case is still under investigation by the Chicago police who seem to hope to be able to put him away where he will "stay put."

His case comes up March 2 and Chief Skoog plans to be on the job and in the event that the Chicago police cannot hold him he will be arrested for the Arlington Heights jobs. Chief Skoog is working with the Chicago police in an effort to locate some of the loot stolen in the Arlington robberies.

Barrington Man Convicted in Auto Death

George Atkins, 224 E. Main St., Barrington, was found guilty on a manslaughter charge by a jury in Cook county criminal court in Chicago last week. A motion for a new trial was made Tuesday, February 23. A manslaughter charge carries a penalty of one to fourteen years imprisonment or probation.

The charge was brought following an automobile accident which occurred near Berwyn October 27, and which resulted in the death of Arlo J. Shirk of Bloomington. Mrs. Shirk, a bride of four days, testified at the trial as did several other witnesses. She and Mr. Atkins were injured in the crash.

Mr. Atkins accompanied by his mother, Mrs. Emma Atkins, was returning to Barrington from his farm near Dayton, O., when, as he testified, his car passed through a traffic light and collided with the car driven by Shirk.

Honor Descendant Of Soldier of Revolutionary War

Probably few people of this community know that of three soldiers of the Revolutionary war buried in Cook county, two of them are buried in the Elk Grove cemetery. The two soldiers of the Revolution buried at Elk Grove are Aaron Miner and Eli Skinner.

On Sunday afternoon at about 3 p. m. the Aaron Miner chapter of the Daughters of the American Revolution will hold a service at the Elk Grove cemetery at which they will place a bronze marker on the grave of Mrs. Wilder, the daughter of Aaron Miner. One of the descendants of Aaron Miner, Miss Addie Rozene, is a member of the Aaron Miner chapter. Many friends of Miss Rozene from the chapter and from the nearby area, will be in attendance at the ceremony.

Arlington Heights post of the American Legion will take part in the services. Rev. Kossack has been invited to be present.

Wm. Heinemann has recovered from his recent illness and is back on the job with Chief Skoog. May or Flentie is issuing a statement this week advising the general public that the village provides full police protection to the entire village.

For Better Childhood In Arl. Heights

On Tuesday, March 2, will be held the first Arlington Heights clinic for the 2 year old to 5 year old child of 1937. These clinics are held three times a year in the Health Center in the village hall. They are financed by the Arlington Heights Woman's club, the Women's Auxiliary of the American Legion, the Arlington Heights Lions club. The clinics are for all children of Arlington Heights between the ages of 2 years and 5 years.

This is the reason for these clinics. Your baby is now growing from infancy to childhood. Continue to watch over him as thoughtfully as ever, remember he still needs your loving care. Children whose blood is red, whose muscles are firm, whose digestion is good, whose sleep is sound, whose nerves are steady, whose posture is erect, whose step is elastic, whose endurance is lasting and whose thoughts are clean, become strong men and women and have health, that is wealth. To get and keep this state of health children must have right food, cleanliness, fresh air, rest, sleep and exercise. It is the duty of parents to see that children take care of their health. Many parents think of the child's health needs only when he is sick. The need of better care of little children is shown by the large number of children who reach school with poor health. It requires real and constant effort to help a child build up his body and make the best of what nature has given him.

And so the Arlington Heights Public Health committee, together with the above named organizations provide this clinic for our children, in the belief that they will help the parents to build better and healthier bodies for the future.

Niles Center Scouts Win First Aid Contest

The First Aid team from Troop 15, sponsored by the Lincoln school P. T. A. of Niles Center, on Tuesday evening, won the First Aid meet of the Northwest Suburban Council, B. S. A., for the fourth time, and will represent the Council in the Sectional meet which will be held March 19, at the Maine township high school. The team from Troop 1 of the Methodist church of Park Ridge, was a very close second. The contest was held at the Des Plaines Junior high school.

The members of Troop 15 team were: Paul Wertz, Frank Noetting, William Aleckson, Donald Moore and Howard Wertz, alternate, with Robert D. Grubb, Asst. Scoutmaster as coach.

In the Sectional meet teams from North Shore, Evanston, Oak Park and Northwest Suburban Councils will compete for the privilege of participating in the semi-finals to be held in Chicago in April. The final scores for the four problems were Troop 15—324; Troop 1—313; Troop 9—280; Troop 23—272. The boys who participated were: Troop 15 sponsored by the American Legion of Palatine; Robert Jensen, Howard Jensen, Burgess Field, Thomas Humphries and John Senne, alternate, with J. W. Manz, Scoutmaster as coach. Troop 23 sponsored by the American Legion of Mt. Prospect: Stanley Jorstad, Russell Dahlstrom, Dudley Budlong, Elvin Anderson, and Ralph Hauptly, alternate, with George Dresser as coach. Troop 9 sponsored by the Methodist church of Park Ridge; Allen Mathis, Roger Gregory, Jack Wagner, Donald Myrlin and Donald Shaw, alternate, with Dr. Roche as coach.

The meet was ably conducted under the leadership of A. J. Beckmann of Park Ridge, Field Scout Commissioner for First Aid who served as Chief Judge. With him were the following of the Red Cross Uniformed Corps: Ex-commander H. E. Robb of the Illinois Bell and Police Officers R. J. Allen and D. L. Peterson of the Evanston Police Department.

Council President J. L. Bell, presented the trophy and certificates at the close of the contest and the following Scouts served on the staff: Recorders: E. J. Anderson of Des Plaines; J. L. Bell and Edw. Erierson of Barrington; Registrar Harland Roden of Des Plaines; Timer H. F. Koelling of Park Ridge.

Hot dinner was served at noon by St. Mark's Ladies' Aid, after which talks and discussions centered around effective cultural practices in the growing of vegetables. Dr. Lloyd was first on the program and he spoke on the importance of properly preparing the seedbed before sowing, for the condition of the crop throughout the season often depends in no small measure upon the proper seedbed preparation before planting. After the plants are ready to be transplanted, a talk on the subject of successful transplanting and the various factors affecting same was ably given by Dr. McCollum, who explained different methods used and why extreme care should be exercised in the transplanting as an aid to insuring a sturdy growth. After transplanting comes cultivating which topic had been assigned to Mr. L. A. 2, in the Legion home on W. Campbell street, Arlington Heights. Leaders of various civic organizations of Arlington Heights will be present to address the gathering and representatives of the Camp Fire Girls and the public and parochial schools will also be present. Following a musical program refreshments will be served.

According to Mrs. Jeanette Pecchia, chairman of the Auxiliary committee in charge of the affair, the program is expected to be an outstanding meeting and all members are earnestly urged to be present.

Community Service Program March 2 At Legion Home

A community service program, sponsored by the Auxiliary of Merle Guild post, American Legion, will be held on Tuesday evening, March 2, in the Legion home on W. Campbell street, Arlington Heights. Leaders of various civic organizations of Arlington Heights will be present to address the gathering and representatives of the Camp Fire Girls and the public and parochial schools will also be present. Following a musical program refreshments will be served.

According to Mrs. Jeanette Pecchia, chairman of the Auxiliary committee in charge of the affair, the program is expected to be an outstanding meeting and all members are earnestly urged to be present.

Truckers Greatly Benefited By School Held This Week

The college of agriculture of the University of Illinois scored another hit with its Vegetable Growers' school, the twelfth of its kind, held this week at Blue Island and East Maine. There were various changes in the program this year, but all for the better, with the result that this year's sessions with the different subjects arranged in groups, promoted increased interest and greater concentration in the various topics presented.

Preceded by four well attended sessions at Blue Island beginning on Monday, the school convened at St. Matthew's hall on Milwaukee avenue, Tuesday afternoon, February 23. Dr. J. W. Lloyd, chief in oleiculture at the university was again in charge and after appropriate opening remarks turned the meeting over to L. H. Shropshire, representing the Illinois State Natural History Survey, and K. J. Kadow, plant pathologist of the university. The subject for the afternoon's discussion was insects and diseases of vegetable crops. Mr. Shropshire gave an interesting talk on the proper use of insecticides, illustrating his talk by displaying glass tubes containing different mixtures. He emphasized the extreme importance of using the right mixture and explained the effects of using the wrong kind. Dr. Kadow spoke on the treatment of seeds to prevent attacks by insects and diseases. He used boxes with growing plants to show the effect of proper treatment and also warned the growers to be sure to use the right chemicals lest the treatment do more harm than good.

The subject was then opened for general discussion, led by Louis Wettersman, who gave a very good talk. The remainder of the afternoon was given over to questions asked by the growers and answers given by the speakers.

The evening session was opened by August Geveke, president of the Truck Gardeners association who introduced to the assembly Professor J. C. Blair, head of the department of Horticulture at the U. of I. Prof. Blair showed colored movies he had taken of vegetables and flowers in natural colors which were being experimented on and worked with at the university. He also showed other pictures, lecturing as he went along so that the evening was thoroughly enjoyable as well as intensely interesting.

Inasmuch as this was the first of ten growers' school he had attended, Professor Blair expressed surprise and pleasure at the great interest shown by the growers and stated that since the continued success and greatness of the industry, lay, not in the history of past accomplishments, but in the future, and therefore expressed the opinion that the university should have more men to carry on the work in the various branches for the field was there.

The relation of soil management to vegetable growing was the subject assigned to the morning session on Wednesday. Professor R. H. Bray, chief assistant in soil survey analysis at the university spoke on the necessity and importance of building up the soil by the addition of more humus to overcome the serious depletion of many farms brought on to a marked degree by neglect. The use of cover crops to obtain this end is one very effective method of rebuilding the soil, and this topic was thoroughly explained by Dr. J. P. McCollum, superintendent of the Cook County Experiment station. Enlarging on the subject of soil conservation, farm adviser O. G. Barrett explained the new government conservation program and its relation to truck growing. While benefits of this program will be available to all farmers, some truck gardeners will undoubtedly come under its provisions. Following these three talks the meeting was again thrown open for discussion, Albert Landmeier leading same, and many more interesting points on the subject were brought out.

Hot dinner was served at noon by St. Mark's Ladies' Aid, after which talks and discussions centered around effective cultural practices in the growing of vegetables. Dr. Lloyd was first on the program and he spoke on the importance of properly preparing the seedbed before sowing, for the condition of the crop throughout the season often depends in no small measure upon the proper seedbed preparation before planting. After the plants are ready to be transplanted, a talk on the subject of successful transplanting and the various factors affecting same was ably given by Dr. McCollum, who explained different methods used and why extreme care should be exercised in the transplanting as an aid to insuring a sturdy growth. was the best one ever held. Much valuable information was gleaned by interested spectators and detailed information on the subjects covered on the programs is always available to growers at the experiment station.

From Florida home folks return
The charm of home clime late to
learn,
Election comes, will it give renown
To one who has done most for our
town?
Read your home paper, don't refuse
To own we strive to bring you
news;
If the best news we fail to win,
Help us next week to get it in.

Thunder showers, snow and social showers and the Father of our Country spread over the whole scene.

Let us be true to McCawber, since we must live with him and own up we have all the best climates in old Illinois.

Mr. and Mrs. Herman Grottko are the parents of a son about two weeks old. So fast he moved we just caught up with him in his parent's home on South Vail avenue.

Mr. and Mrs. Henry F. Muller came home last week from two or three weeks spent in Florida.

We were glad to have as guests our old friends last Thursday, Mrs. Max Stoeckel and her little son, Allen Philip from Des Plaines. How the children do grow up. Here Lena tells us their little girls, Margaret and Elinore, are in fourth grade in their school.

Mrs. William Schubert had as guests Wednesday last week, her mother, Mrs. Nuss and her sister, Mrs. Norris, from Chicago.

Mrs. Lukhauf was out from Chicago last Thursday calling on her friends in the Heights and looking out for her property interests.

Mrs. Russel Davis was taken severely ill one day last week and taken to Palatine hospital for treatment.

Mrs. Hannah Whiting, who is spending the winter with one of her daughters in Chicago, was here three days last week, the guest of her nephew and his wife, Mr. and Mrs. Elmer Crane.

Mrs. W. A. Miles and her daughter, Miss Betty, arrived home last Sunday. They spent some time in Florida and in Cuba, where they met many distinguished and interesting people, with all the delightful experiences one not so pleasant befell Mrs. Miles when she had a fall in her apartment and fractured some of her ribs for which she had to spend some time in a hospital. Mrs. Miles is a valiant woman and a little hurt like a broken rib, doesn't long keep her down. She is the same happy, smiling, outgoing and with Mrs. Betty had a pleasant winter south.

Mrs. H. C. Cleveland went to Chicago last week Saturday to visit her friend, Mrs. Lundy and her little baby girl, Virginia Lee.

Sunday, Mr. and Mrs. Reimer and children from Chicago, were the guests of Mr. and Mrs. William Wilke.

Saturday last week, Helen Schirick, May Cordes and Louise Kyska went to Chicago to witness studio performance of Kaltemeyer's Kindergarten. They had no time to see the show.

Mrs. Wallace Oefelein was greatly relieved last week to have letters from her parents, who were in Paducah, Kentucky when the flood rolled over that city. They gave her a vivid description of the flood and their experiences. At the time of writing, they were safely housed fifty miles from the flood waters and glad to be well and safe.

Mrs. Ed. Voight, in a West Campbell apartment, gave a miscellaneous shower for Miss Theresa Olah, Thursday evening. There were many beautiful gifts such as any bride would be happy to receive. Miss Olah is to be married to Mr. Clarence Niemeyer, Saturday this week. This nuptial shower was a happy affair to radiate joy for the newlyweds.

Mr. and Mrs. D. A. Noyes have left some anxiety about their daughter, Miss Miriam, who is a student in Beloit college, where the flood waters have come so near the city as to prevent her coming home for the week-end. Not immediate danger, but an inconvenient state of shut-in-ness. Everywhere in our land our friends are more or less in danger or cut off from their usual movements.

Mrs. Orrie Neagle, nee Miss Charnion Sieburg, is now a Chicagoan. Mr. Frederic Hodgdon, architect to whom she has been stenographer and secretary since her graduation from high school, moved last week from his Barrington office into a luxurious suite of offices on Michigan boulevard, Chicago. Mrs. Neagle, who is proving quite capable, has already received two promotions. Her many friends congratulate her and hope for her higher achievement as any true friend would.

Monday, Mrs. H. C. Bolte entertained her pinocchio club in her home on West Campbell street.

February twelfth (Lincoln's birthday), Mrs. Henry Schadt, whose birthday was on Lincoln's day, entertained a company of her old friends in her home on State road to help her celebrate her birthday. Just a social happy time with many pleasing remembrances to travel on to another anniversary.

The Social Five Hundred will meet with Mrs. Arthur Windheim in her home on South Evergreen avenue, Thursday afternoon this week. They always have a happy get-together party in Good Will and meriment five hundred strong.

Here comes another birthday on the same day as G. Washington's, February 22. Little Madeline Intravotolo, had a jolly birthday party Monday, February 22 when little Madeline was eight years old. She wanted a real party and her mother invited eight little playmates to enjoy a party with a cake and candles such as George Washington never had. They played bunnies just like big folks and had a wonderful happy time.

The V. F. W. Auxiliary held their monthly social evening last Wednesday. Mrs. Ed. Allison assisted by Mrs. O. G. Bolte, were hostesses, and a right friendly, happy evening did they give the guests. There were games and refreshments of the very best. Glad are we to hear about it.

Mrs. Alfred Mirs of North Vail avenue, gave a shower for Mrs. Geo. Thompson, nee Katie Mukabirn. There were thirty-five guests who brought suitable gifts. They played cards and had choice refreshments and a happy good time.

Mrs. Paul Incapero sponsored a prenuptial party and miscellaneous shower Sunday, February 14, for Miss Louise Hainfeldt, who is soon to wed Frank Incapero. The festivities were in Sadecky's hall and 150 guests. The Goedeke orchestra made music for the dancers. The refreshments were in harmony with the gifts of the dancing and the merriment of the happy occasion, and all went merry as a marriage bell.

Tuesday evening, Mrs. Nick Tischer of West Campbell street, entertained a company of young ladies in her home in a pre-nuptial shower in honor of Miss Mildred Sadecky's approaching marriage. The gifts were both beautiful and useful, of linen for bed and table. The arrangements for the party were just in the highest, good taste as Mrs. Tischer so well knows to place. The refreshments and entertainment were delightful. We who know Miss Mildred, realize nothing can be too good for the dear, lovable lady she is, not yet knowing the bridegroom we feel sure he will join us in these sentiments.

The children and grandchildren of Mr. and Mrs. Edward Lackner went to the family home, No. Vail avenue, Sunday to celebrate the 45th anniversary of their parents' marriage. The guests were Mr. and Mrs. John Albrecht and children, Mr. and Mrs. E. J. Radloff and children, Mr. and Mrs. William Lackner. A happy united family gathering, a joy to parents and children and all joined in wishing many more such anniversaries.

A letter from Miss Margaret Teller, who was shocked to hear of the death of one of her old schoolmates, Richard Lorenzen. She adds a hearty appreciation of our Arlington Heights park-like school ground and says in all her travels here, there and everywhere, she has found no school that had one superior or even equal to the public school grounds of Arlington Heights. Miss Teller also paid a beautiful tribute to her old teacher, Miss Martin, to whom she has known none superior.

The home of Dr. and Mrs. E. A. Elfeld was the scene of a good old fashioned social, yes, a ten cent affair, Tuesday afternoon with luncheon served by Mrs. Elfeld. The table laid and decorated as only this artistic hostess could do it. It was not a political debate nor a bank contest, just counting pennies, opening birthday box and other small gains amounting to an astonishing fund. There were about forty members of the Woman's aid present. All agreed Mrs. Elfeld had served another proof of her ability in the art of entertaining.

Thursday evening of last week, a miscellaneous shower was given for Miss Theresa Olah. This prenuptial shower was given in the home of Mrs. Ed. Vogt. There were lavish gifts, beautiful and useful, such as any bride would be happy to receive. There were games and refreshments and a good time for the guest of honor and all others. The wedding of Miss Theresa Olah and Lawrence Niemeyer is to take place Saturday, February 27.

Mrs. Forrest G. Nichols of 407 N. Evergreen, who was recently operated on at the Northwestern hospital, is convalescing at her home since the first of the week. She is missing the social life she is so used to, but her royal friends are speeding up her recovery as much as possible by their many visits and good wishes.

Wm. Leven Discharged On Manslaughter Charge For Death of W. Schuetz

William Leven, N. State Road, Arlington Heights, was discharged by Judge George Rush in the Criminal Court of Cook county, February 17, from a charge of manslaughter. Mr. Leven was driving a car on North State Road September 25, which hit Wm. Schuetz, who was crossing State road on his way home. Mr. Schuetz died in Palatine hospital six weeks later. The defense of Mr. Leven was handled by Attorney Frank P. Zaleski, of Des Plaines, who attributed the injury to Mr. Schuetz as being merely an accident.

STORK BUSY AT BROOKFIELD ZOO

The stork has been a frequent visitor at the Chicago Zoological Park at Brookfield, this month. Nine youngsters, five mammals and four birds, were born there in the last several days. It was announced this week by Director Edward H. Bean.

The new arrivals are two American black bears, an Isabella gazelle, a Dorcas gazelle, a Grivet monkey and four black swans. The bear cubs represent the fourth generation of their family born in captivity. Their parents were born and reared in the zoo at Madison, Wis. The parents, received from Madison, were the first animal gifts to the Chicago Zoological Park at the time of its opening.

The American black bear, an inoffensive creature, is still found in numbers in its original range, Florida to Alaska. It is not a stock killing animal nor an animal dangerous to man. Rather, it avoids man. The new mother, now in the state of semi-hibernation, is expected to bring her cubs from the retiring den some time in March. The parents of the gazelles and the Grivet monkey are all natives of Africa and have been imported from the Sudan region. The Grivet is one of the two species of monkeys not found in the jungles. Its tribe exists in the desert.

Supervisor Grandt At Home Under Orders; Worries About Clients

Wheeling Township's busy supervisor, Chas. F. Grandt, is confined to his home on orders of Dr. Best. The supervisor is worrying more over the needs of his relief clients than he is over his own physical condition. "The only break I have got," states Mr. Grandt, "is the fact that it is not the first of the month." He hopes to be on the job again, however, by next Monday, although the doctor says he must take it easy for a time.

In the meantime, clients who feel that they must get in touch with the supervisor, can call his home, where Mrs. Grandt will do her best to handle matters; otherwise they can get in touch with Mr. Grandt's assistant. Mr. Grandt expects to release for publication next week, a financial report that will enlighten the general public as to the amounts received by him from the state and the amounts needed for relief clients. The state has reduced Mr. Grandt's budget considerably in recent months and it is difficult for him to apportion the available money to the needy families.

Installation of Lutheran Laymen Officers at St. Peter's Luth. Church

The newly elected officers of the Lutheran Laymen League, an organization of St. Peter Lutheran church, will be officially installed in their respective offices during the meeting of Friday, March 5, at 8 p. m. Mr. Frank Colba has been elected as president to succeed Mr. Robert Flentie, who will continue as an advisory member of the board. Following are the men who will serve the league for the new term: Mr. Oscar Heinrichs, vice president and chairman of the board; Mr. Henry Hennig, treasurer; Mr. Wilbert Hartmann, recording secretary; Mr. Walter Kroeber, corresponding secretary; Mr. Wm. Keiser, custodian. Messrs. Ed. Sailer, Gustav Heidorn and Otto Koch will serve as executive board, together with the officers.

A solemn ceremony of installation has been prepared by Pastor Fricke and will be used for the first time in the league's history. The outgoing president, Mr. Robert Flentie, will read the rite of installation. After the installation Mr. Frank Colba will take the gavel and preside over the business meeting.

An instructive and entertaining lecture by Mr. T. Wilson of the local high school on the Sand Dunes of Indiana, illustrated with stereopticon slides will conclude the meeting. All members are urged to be present at this important meeting.

Dick Schoenbeck Attends State Convention

Dick Schoenbeck attended the 1937 National Convention of the State Farm Insurance Companies of Bloomington, Illinois, held at Chicago. The Hotel Sherman was the scene of a two day meeting. Representatives totalling 2,000 were in attendance from 37 states of the Union including the District of Columbia. The Convention was charged with the spirit of most favorable optimism for 1937.

The reports of Mr. G. J. Mecherle, president of the companies and other officials contained the information that there are approximately one-half million policyholders of automobile insurance, \$37,000,000 of life insurance and \$46,000,000 of fire insurance in force.

American Samoa, one of the smallest of the United States territorial possessions, contains Pago Pago, which is regarded as the most valuable harbor in the south Pacific. The entire area of the islands which comprise this group is 76 square miles.

Cottontails Do Not Dig
Cottontail rabbits do not dig burrows. They frequently do occupy the burrows made by other animals, such as those of the woodchuck and badger.

WOMANS CLUB

The club met Wednesday, February 17, for a regular home program. All those taking part were citizens of our home town. Mrs. I. V. Allison talked from experience on the subject "Social Service." She is located in a social service office in Chicago, where she has charge and daily meets hundreds of people—we might describe as all sorts and conditions of men. Their tales of need or woe, their problems of life as varied as their personality. Mrs. Allison tries valiantly to meet their needs and minister relief. Mrs. Allison has a charming personality, her descriptions of the incidents of her work were given in a most vivid and interesting thru-out.

Music, instrumental duets by J. E. Groves and Mrs. H. I. Sebert enthusiastically endorsed and generously responded to by these two ladies, our real home talent.

A pretty touch of appreciation was given when saying it with flowers in presenting each lady a beautiful corsage of fragrant flowers.

The usual choice refreshments and social hour when the program received high praise.

The next meeting of the Woman's club will be held March 3. The novel program to consist of a demonstration of a modern voting machine by Frank Devin of Springfield, Illinois. A recital—Marian McCredie.

Mrs. Janet Webber entertained a small group, fourteen friends, in a shower for her guest, Mrs. Haas, of Cincinnati. The only person who has come to Arlington Heights from the flood district. She came with her little grandson to her daughter, Mrs. W. P. Scholz of South Dunton. Mrs. Haas was rescued when the flood was at high time and all she rescued of her personal wardrobe, she wore. The party was given in the true spirit of sharing one with another. Each guest brought as a gift the things she felt she would welcome if in Mrs. Haas' position. It would be well if we could all hear Mrs. Haas tell of her experience in the flood. Those present were Mrs. Haas, the honored guest, daughter, Mrs. Veda Scholz, S. Dunton, Mrs. Isabelle Scharringhausen, Miss Agnes Dunn, Miss Anna and Miss Marie Sadecky, Mrs. Daisy Baldwin, Mrs. Helen Krause, Mrs. Fanny May, Mrs. Norma Stroud, Mrs. Biederbeck, Mrs. J. Sadecky, Miss M. Porviek, Mrs. E. Intravotolo and Jeanette Webber.

Bowling Notes

By HERB HAMMERL

Hats are off to Rox Bolte this week. Rox put together games of 237-234-234 for a 705 total which, needless to say is high for the season. In fact that is the highest series bowled here in league for the past 3 or 4 seasons. Rox also passed up Bud Peter and is now leading the league in individual averages. Nice going Rox it might have been 750.

On 1 and 2 paced by Rox Bolte's 705, Vail Tavern tramped all over Blatz for three games. Blatz had to bowl without Wally Tesch, who was unable to bowl and Al Carlson, who must have been frozen in Chicago.

On 3 and 4 good old Fred Kehe came to the front with 635 which included games of 212-201-222, which helped Krause Market take 3 games from Park View Tavern, the second game by 5 pins. 735 next week Fred.

On 5 and 6 Union Tavern took the odd game from Arlington Elevator. Dick Schoenbeck was high with 596 and a 234 game which was good for the dollar.

Be Sure Your Milk Comes From a Pure Milk Farm

The source of the Worlds best Milk!

Study this picture carefully.
It is one of the 14,500 Pure Milk Farms that supply Chicago and milk distributors with over 640 million quarts of pure, fresh milk yearly.

You ought to know from what kind of farm your milk comes. For Pure Milk Farms have:
—healthy, regularly inspected cows
—clean, light, well-ventilated dairy barns
—sanitary separate milk-cooling houses
—sanitary milking conditions.
(You'd be astonished and pleased at the sanitary measures enforced in connection with the cows, milkers, equipment and handling procedure.)

PURE MILK FARMS

Find out if your milk comes from Pure Milk Farms. If not sure write today for large list of dairies buying their milk from Pure Milk Farms and copy of FREE Booklet "How to Diet for Health and Beauty."
Individually owned and operated exclusively by members of the MILK ASSOCIATION
C. Dearborn Chicago, Ill. Harrison 2255

Thursday, March 4, Women's Guild meet in the church parlors at 2:00 p. m. Topic: "Give Ye Them To Eat."
Midweek Lenten service at 8:00 p. m.

Meditation
Before Jesus went to Calvary, the fear of death hung over all the ways of life, and the uncertainty of his days was a source of weakness to man in all he attempted to do.

Calvary has brought us a new knowledge; we are the Lords. The life we gained through the cross is stronger than death; we do not die, we pass from life to life. There is conquering strength in this new knowledge. If we bear the cross of Him who bore it for us, we know no fear, we live in Him.
All welcome to our services.

Coming To The ARLINGTON THEATRE RAINBOW ON THE RIVER

A Few Arrive; Some Leave; Other More About

There are many new faces about Arlington Heights. Some of our residents have gone to other places and there are lots of people who have new places of abodes.

Chas. A. Kellogg, who resided on South Vail, is now a resident of Palatine.

Al Schock has moved from the Krause apartments to N. Vail. Harry Holzner is residing at 414 N. Danton.

Wm. Wagner has moved from So. Mitchell to 415 N. Haddon. Wm. J. Miller has moved from N. Evergreen to 218 S. Vail.

N. B. Loomis, of Searsdale, has sold his home and has moved to Washington, D. C.

Gordon Barnes, of the Quality Grocery, has moved to town and calls 216 S. Evergreen his home.

Geo. Rutkowski, of 11 S. Danton, has moved to Wheeling.

Wm. Kuhl, Jr., is residing at 406 S. Vail.
Aug. Flass, whose daughter is employed at the National Bank, is residing at 210 S. Vail.

Irene Lambrecht is residing at 629 S. Highland.
Richard Wanz is residing at 36 S. Highland.

Oliver Lynk, of Arlington Theatre, has moved from the Wayman flat to West George street.

Adolph Wettmerman has changed his place of abode to 201 S. Mitchell.

Aubrey Neville is a new resident of Arlington, residing at 228 S. Mitchell.

Mr. Robinson is residing at 28 S. Mitchell.
Percy L. (Jack) May is now comfortably located at his new home on South Danton.

John Meyer, after spending two years in Woodstock, has returned to his home at 407 W. Wing street.

Paul Mayer, of State road, has moved to Chicago.
Steve Csannadi, Jr., has moved from 929 Princeton to 418 N. Douglas. Louis Grune is occupying the place vacated by Mr. Csannadi.

Chas. Rick has moved from N. Harvard to the Landeier apartments.
Jim Netzel has moved to 12 S. Mitchell.

CARD OF THANKS

We herewith express our sincere thanks and appreciation to the relatives, neighbors and friends for their kindness and sympathy shown us at the loss of our dear mother.

The Reading Room is located in the church building and is open to the public every Wednesday afternoon from 2 to 4 p. m.

The public is cordially invited to attend our church services and use our reading room.

CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 21.

The Golden Text was: "Trust in the Lord with all thine heart; and lean not unto thine own understanding." (Proverbs 3:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who hath known the mind of the Lord, or who hath seen his counsel?" (For of him, and through him, and to him, are all things; to whom be glory for ever." (Romans 11:33).

The Lesson-Sermon also included the following passages from the Christian Science textbook: "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "What is God and God is not seen, a center in sense, because Mind is spirit which material sense cannot discern." (p. 330).

Basal Heat Production

The once accepted general law that basal heat production is determined by the rate at which heat is lost cannot be valid. Possibly because of some activity of the ductless glands, most heat is generated when an animal least needs it. A living animal is like an engine. It burns up food like fuel and converts it into muscular energy. Also, it stores up some fuel in the form of fat and tissue and draws on it in time of need. All this is called metabolism. The idling rate of the human engine, when it is doing nothing more than breathing easily, is called the basal metabolic rate.

MRS. BRUEGGEMAN, MOTHER OF MRS. POELLT IS DEAD

Was a Daughter of Lutheran Pastor; Wife of Pastor and Mother of Pastor.

Mrs. Lisette Brueggemann, daughter of Pastor and Mrs. Philip Weyel, was born May 6, 1852 in Crete, Illinois, and was baptized on the same day. In Ingfield, Ind., she attended the Christian day school, was confirmed and then entered the Lutheran high school at L. W. For a number of years she taught school in her father's congregations. February 5, 1871 she was joined in holy wedlock with the local pastor, F. W. Brueggemann. Their union was blessed with eight children, six of whom preceded her in death. May 17, 1902, her husband, then pastor at Willow Springs, Ill., passed away. She died February 18, at an age of 84 years, 9 months and 12 days.

She leaves to mourn one son, one daughter, one son-in-law, 2 daughters-in-law, 12 grandchildren, one brother, one sister, and many other relatives.

The funeral service was held in the Palatine Lutheran church Monday, February 22. The Revs. Dr. W. C. Kohn, president of Concordia Teachers College, River Forest, Ill., Henry Heise of Waukegan, Ill., and C. M. Noack, of Arlington Heights, Ill., officiated. The Ladies' Aid sang an appropriate selection. Burial was in Concordia cemetery, Forest Park, Ill.

CARE OF THANKS

We herewith extend our sincere thanks to all friends for their kind expressions of sympathy during our recent bereavement.

The Poellot and Brueggemann Families.

Madison, Smallest President
James Madison was a little man. He is classed as the smallest of those who have filled the presidential office. His height was about 5 feet 4 inches. He was small framed, pale, and thoughtful.

Aaron Burr nicknamed him "great little Madison," a sobriquet often applied to him in after years. Of his dress, it was usually simple. When he appeared in the senate to take the oath of office as President at his first inauguration he wore a suit manufactured from wool raised in this country presented to him by Colonel Humphrey and Chancellor Livingston.

"The Hub"
Boston's nickname "The Hub of the Universe," which it so proudly bears, was originally applied as a jest by Oliver Wendell Holmes, when speaking of the Boston state house as the center of a self-satisfied community.

Teams Little Feroocious Names
Throughout the United States there are 24 college football teams known as the Tigers, twenty as Bulldogs, thirteen as Wildcats, and ten as Panthers.

South Side Breezes

Mr. and Mrs. J. B. Nelson went to Chicago Monday to see the latter's mother and brother, who had just returned from California. The visit of Mrs. Ackerman and son was cut short because of the unpleasant weather.

Mrs. Walter Woolmer had the misfortune to fracture her ankle a week ago and will be a shut-in for a while.

Mrs. Harold Ratliff and baby son, who was born February 11, have returned from the Evanston hospital to their home on South Mitchell.

Chas. Grandt, who has been quite ill is now convalescing.

Mr. and Mrs. Herman Meyer, Cecil and Phoebe and Mr. and Mrs. Tommy Kousmanoff went to Mt. Prospect Sunday to help celebrate Herman Heide's birthday.

Friends of Mrs. Henry Tegmeier spent Saturday evening with her to commemorate her eighty-second birthday.

The Campfire committee, Mrs. Jarvis, Mrs. Angeloff and Mrs. Nives, were entertained at luncheon at the home of Mrs. Chas. Ott, Tuesday. There they made future plans for the campfire activities.

Did you notice the picture in the picture section of the Tribune Sunday, of the charming little lady from Arlington Heights? She is Betty Jean Collins, daughter of Mr. and Mrs. Chas. D. Collins, 746 So. Mitchell and granddaughter of Mr. and Mrs. Hazeman. Her picture was taken at the Cocker & Bird dog show recently, by request of Bob Becker.

Calvin Mitchell returned home last week from Hines hospital, where he was under treatment for several weeks. He is feeling much better.

WHEELING
Dr. E. E. Gieske spent several days of last week attending a convention of veterinarians at Springfield.

Mr. and Mrs. A. Schwab and their young daughter, Barbara, attended the wedding of Mr. Schwab's brother in Iowa last week. The wedding took place in "The Little Brown Church" near Nassau, Iowa, the little church which was the inspiration for the well known hymn, "The Church in the Wilderness." Little Barbara enjoyed the distinction of serving as one of the flower girls.

Mrs. G. Sicks motored to Urbana last week where she enjoyed a visit with John.

An amateur night program is being planned, to be held at Childersley hall Friday, March 12. Watch for posters and more detailed announcements.

Celebrates Her Fifth Birthday
Eight little girls helped Dolores Scanlan celebrate her fifth birthday on Saturday afternoon.

Those who were present were: Holly Holte, Janet Updel, Jean Bellmore, Donna Jean Miller, Alice Ortel, Eileen Wierand and her sister, Joyce Scanlan.

Cake and ice cream were served and each received a basket filled with candy and peanuts and all had a nice time.

PRESBYTERIAN CHURCH
Morning worship, 10:55 o'clock.
Because of the removal of the church seats, preparatory to the installation of new pews, this service will be held in the primary Sunday school room. Members of upper room Sunday school classes will join in this service.

Sunday church school, 9:30 a. m., for primary classes only.
Evening service, 7:30 o'clock.
Junior choir Saturday afternoon, 2:30 o'clock.
Adult choir Friday evening, 7:30 p. m.

Flags Given High School And Grades

Arlington Heights people had the privilege Monday evening, Washington's birthday, to accord local recognition to Americanism. Thru the cooperation of the Arlington Heights post and auxiliary of the American Legion an exceptional program was presented at the high school.

The special features of the evening were the presentation by M. H. Burpee, Americanism chairman to Prin. A. M. Conger, of the high school, of a large American flag for use on the school flag pole. A similar presentation of four room flags by Iva Jones, Americanism chairman of the auxiliary, was made to E. D. Whitmore, principal of the elementary school.

The "cadets of the air," comprising a group of picked high school R. O. T. C. members of Chicago high schools presented a short sketch illustrating what R. O. T. C.

Health Talks

By Dr. J. H. Fisher

DISEASES OF THE EYELIDS

At this time of the year we are subject to the flu, colds in the head and sore throats, in direct contact to the eyes we find so many cases of what is known as conjunctivitis or the inner coat of the lids. The border of the lids contain small glands and the roots of the eyelashes. They become irritated from the cold and start watering freely causing a chapped condition and inflammation sets in often causing the lids to become very red and thick and each morning you will find the lids stuck together by the tears and salty secretion. Many cases of this kind develop small styes and ulcers at the edges, the lashes fall out and cause the lids to bleed freely.

Most of the cases are relieved by a light eye wash as there is not much pain with it. The real cause is a run-down condition and lack of fatty tissue to supply the oil needed to let the eye roll around freely. The eyeball will feel dry and sandy and exposure to heat, dust and cold wind. Long hours of work by artificial light is also a cause. Sometimes it begins in childhood after an attack of measles they are generally anemic and if not taken care of this remains through life, with styes in groups or singly for several weeks or months.

In some cases the nasal canal is affected by the swelling and the canal closes causing the patient to be subject to wheezing and finding it hard to breathe, a very aggravating condition.

The first step is to see a good physician about it and follow his instructions carefully, then have your eyes checked to be sure the sight is up to par. Often the error can be corrected by relieving the strain on the eye nerves, in turn protecting the eyes from the outward cold winds. Always be careful never to use a towel but your own as the discharge will spread to someone else who is using it. All your handkerchiefs should be well sterilized after using them. Guard your health always as your future years to come will be rewarded by good health. This condition also changes your appearance as the redness is not nice to look at and is very noticeable to others that are with you always.

Arlington Woman Injured Sunday

Mrs. Agnes Nickel, 57 years old, who lives at 411 N. Haddon avenue, Arlington Heights, is in a serious condition in St. Joseph's hospital as result of injuries received Sunday afternoon in an accident which occurred at the intersection of N. Liberty street and route 58, Elgin.

Mrs. Nickel was riding in a car with her son, Clarence Nickel, who was driving east on route 58. Ira Hageman, residing at North Aurora, was traveling south on N. Liberty street and was unable to stop for the highway intersection because of icy pavements. His machine struck Nickel's car and knocked it into an automobile owned by Earl Weinholz, 400 Griswold street, which was parked at the southeast corner of the intersection.

Mrs. Nickel was the only person seriously injured in the collision. She received a fractured skull, fractured shoulder and bruises. She has been reported improving by attending physicians.

Nuts Contain Much Fat

Because they contain much fat, nuts are used the world over in place of meat, milk and butter. In the Orient, many people substitute nuts entirely for meats, and in some Japanese mountain regions the chestnut takes the place of the potato.

ARLINGTON PTA IN OBSERVANCE OF FOUNDERS DAY

The Parent-Teacher association held their February meeting in the high school auditorium last Tuesday evening.

Donald Costain's high and grade school band opened the meeting, playing several selections which were enjoyed by the audience. Mrs. Thomas Cooper, our president, read the object of the P. T. A. The roll call for parents present for each grade, was taken. Mr. Willard Vanderbeek, 8th grade on the north side and Miss Dorothy Blumel's 4th grade at the south side winning the antarturus for the month. The grade that wins the antarturus the most times during the year keeps it for the next term.

Mrs. Bruce Jarvis told about Founders Day from the very beginning, of the many accomplishments realized as this is the 40th anniversary of P. T. A.

Mrs. Everett Wallenfeldt, our program chairman introduced Dr. John Hubbard of Park Ridge, St. Mary's Episcopal church. Rev. Hubbard very humorously received his introduction telling the fathers he hoped his talk would pacify them to repay for being "dragged" out for the evening. In part, he said parents should live for their children, not to be too busy, prepare for the child's future before we realize we have done what we shouldn't, and haven't done what we should.

All parents look forward to their children going through school and should have them prepared for the different stages they will encounter. The differences in schools today from the schools of our childhood, makes us realize much has been done for education. We should keep going for our children, don't get in a rut, have a goal to work for our child, fill your girl and boy with realization of the beautiful things in life, find your child's talents and let him develop those talents, give him social contacts and he will learn to live righteously.

Everyone enjoyed Rev. Hubbard's father's night address very much. The meeting was closed by everyone enjoying home-made candy.

Annual Meeting of Rural Health Service

The annual meeting of the Rural Public Health Nursing Service will be held Friday afternoon, February 26, at 737 South Lincoln street, Chicago. An interesting program has been arranged and will be in charge of Mrs. Harold Mortensen of River Grove, who will preside. A hearty invitation is extended to all persons who have cooperated in making this nursing service a success in 1936. The program for the afternoon is as follows:

2 p. m., roll call.
2:15 p. m., delegates' reports.
2:30 p. m., "How Shall We Secure Hospital and Clinic Care for Village and Rural Areas in Cook County," address by Alexander Ropchan, executive secretary, Health Division, Council of Social Agencies.

3:00 p. m., "Greeting from the American Legion" by William Murray, commander, Cook County Council of Social Agencies.
3:15 p. m., election of officers.
3:30 p. m., refreshments.
4:00 p. m., tour of the Cook County School of Nursing as guests of Miss Edna Newman, director.

Welcome to all our interpreters in the rural sections who have helped us put over our program in 1936.

Weather at South, North Poles
Speaking generally, it is colder at the South Pole and near it than it is in the region around the North Pole. But the average temperature and the extreme temperatures are lower at the South Pole. While the North Pole is at sea level, there is a great land mass, 10,000 feet high and over, at the other pole, and this elevation makes for lower temperatures.

Modulation, Musical Term
Modulation as a musical term refers to a change in key in the course of a work, the original being altered by a new sharp or flat.

Word Psychoanalysis
The word psychoanalysis was first applied by Sigmund Freud to a method of treating nervous disorders.

News from Springfield

By Bernice T. Van der Vries
Representative, General Assembly
7th Senatorial District

Lively debates, both on the floor of the House and in committee hearings, the passage of a few emergency bills, and the introduction of many bills, some of them of major importance, livened the session of the general assembly which has been unusually slow in getting under way.

Following the example of other state legislatures now in session, the question of President Roosevelt's plan to change the Supreme court of the United States was introduced on the floor of the House in the form of two resolutions, one from each political division. The resolution which came from the Democratic side and which endorsed the President's plan, was scheduled to go to the executive committee upon a motion by its sponsor, Representative Schaeffer O'Neill of Alton. The Republicans, led by Representative Drennan Slater of Evanston, desired their resolution condemning the plan to have immediate action on the floor of the House. The vote, after several hours of debate, was on the question of how the resolution should be handled, and was a straight party vote and therefore gave no enlightenment on the sentiments of the Democratic members on the President's plan.

Later the executive committee sent back to the House the Republican resolution with the recommendation that it should not pass. The committee did not act on the Democratic resolution. This means that the House will take another fling at the resolution opposing President Roosevelt.

The Chicago parks pegged levy bill, while not the direct concern of the communities in Cook county outside of Chicago because they do not pay the bills for the parks which, at the same time, are something in which we all take pride as residents of metropolitan Chicago, did not have smooth sailing in the municipalities committee hearing on Tuesday. Although the bill was reported out of the committee with the recommendation for passage, the insistence of some of us that a budget should be submitted has delayed the progress of the bill on the House calendar. We like to have our millions of dollars on paper in order to visualize their scope.

On Wednesday the bills introduced by Mr. Foster and Mr. McGrath, which would give Proviso township an opportunity to levy a tax for poor relief and thus receive its share of the state sales tax. The bill, which was passed by the House, The bills now go to the Senate for consideration.

House bill 61 (storm sewer amendment), introduced by Mrs. Van der Vries, was favorably reported out of the municipalities committee. House bill 153, which would provide funds for high schools in acute financial distress, had a hearing in the education committee on Wednesday. It was reported out with recommendation for passage, but as it carries an appropriation it must also be heard in the appropriations committee. Bloom township high school, in Chicago Heights, was cited in the hearing as one of the schools which could qualify for assistance under this bill.

Opposition is developing on several fronts to the state school board bill introduced by Senator Smith. Telegrams and letters in sizeable numbers began arriving this week from school boards in Cook county. Their views coincide with those of many members of the Assembly who were greatly surprised and shocked by the powers delegated to the state board as provided in the Smith bill. Senator Smith has promised an early hearing on his bill. In the meantime there may be other bills of the same subject introduced which will be more in line with the ideas of the advocates of a state board of education.

Lose Unsightly FAT! Quickly—Safely with WATE-OFF

Drugless Preparation for Scientific Weight Reducing

WATE-OFF is a compound of pure vegetable matter. WATE-OFF contains no dangerous drugs of any kind—no dinitrophenol or other harmful laxatives. There is absolutely nothing in WATE-OFF that can do you the slightest harm. Many users report that after taking WATE-OFF for just a short time they actually feel better than they have in years. Yet, WATE-OFF makes it possible for overweight women, and men too, to take off five pounds a week, or even more, without strenuous exercise and without starvation diets. In fact, as you take off weight with WATE-OFF, you not only LOOK better but you actually FEEL better.

The instructions say: Take WATE-OFF before meals, 3 or 4 tablets a day, then eat your hearty fill. Users say: "Results are simply amazing. Unsightly flesh frequently melts away like magic—and, without causing the skin to sag or wrinkle as so frequently happens with fast-acting but dangerous purgatives."

You have seen WATE-OFF advertised in Pictorial Review, Physical Culture and other leading magazines for \$2.45. Here now is your opportunity to purchase this same fine preparation for only \$1.19, with our guarantee that if you're not satisfied with results you may return the empty carton and we will return your money.

The Lutheran Hour Broadcasts

WCFL, 970 Kc., every Sunday, 3:30 p. m.
Highlights of last Sunday's Gospel Message
By Dr. W. A. Maier

Women More Devout Church Goers, Dr. W. A. Maier Asserts on Lutheran Hour

"Nine-tenths of the attendance in many churches is made up of women," Dr. Walter A. Maier of Concordia Seminary asserted yesterday (Sunday, Feb. 21) in his Lutheran Hour address over a coast-to-coast network. "Christ wants men, not only women, red-blooded, full-blooded men," Dr. Maier declared.

Discussing a survey of church attendance and the ratios of men and women in the audience, Dr. Maier declared that business, the weather, golf and other sports are the major excuses offered by men who absent themselves from their church on Sunday. He showed, however, (referring to a survey conducted in his own church), that the church attendance of men in farm districts is 50 per cent greater proportionally than in comfortable suburban sections.

Decrying emotionalism as the basis of religion, Dr. Maier asserted there are too many religious enthusiasts who are swayed by passions and prejudices and who lose their courage in any crisis. "God preserve us from churches that seize the sword, forgetting their sacred duty to help and heal the wounded souls of humanity," Dr. Maier added, "churches that resort to persecution or that seek to spread their cause by legislation. Preachers who become policemen and shout inflammatory appeals for mob action, have always been among the major menaces to individual and national peace and progress."

Bandits In Daring Hold Up

Four bandits, during the early evening hours (6:30) Tuesday evening of last week, created considerable excitement at the Lenox Chicken Hut at the corner of Rand and River roads.

The quartet walked in with the customary salutation of "Stick 'em up!" Patrons of the place were commanded to lie on the floor. The bandits ransacked the place, making away with about \$500, taken from the managers and patrons, and with the command to count twenty before getting up off the floor, the quartet fled toward Chicago.

The morning before light fingered gentlemen visited the El Reno tavern, across the street from the Chicken Hut, where they helped themselves to the slot machines. Nothing else was molested.

Information we have obtained gives us the news that the Chicken Hut is in reality a "bookie shop" and that some 35 men and one woman were held up in the raid, made to lie on the floor and required to remove their coats and shoes in order to prevent them from leaving too soon after the departure of the hold up gang.

We understand that in the report to the police no mention was made of the fact that the raided place was an emporium of chance.

Make-Up Art Is Old
Before the days of mirrors, women inspected their faces in their husband's shields. The beauties of Canby covered themselves from head to foot with blue clay. Maidens of the Ming period burned low twigs and used them for eyebrow pencils.

Examination For Local Postal Service

An open competitive examination will be held for a substitute mail clerk-carrier for Arlington Heights.

Applications must be on file with the manager of the Seventh Civil Service District Post Office Building, Chicago, prior to March 1, 1937.

The compensation will be 65 cents per hour.

Palatine Locals

Peter Bartlett visited friends at Woodstock Monday.

F. A. Keyes spent Monday night with his mother in Chicago.

Miss Deborah Cooper visited over Sunday with her sister, Mrs. M. Clay.

Way Back when in 1904 the local papers gave much more space to outside events than they do today.

Probably largely because there was not so much happening locally as now. In those old days the War in the Orient was good for three quarters of a page with maps, cuts, etc., explaining the situation and where the trouble was located. Also a write-up of the rebuilt Baltimore following the fire took up a double column with photos showing the ravages of the great Baltimore fire.

The local sheets in those days also ran serial stories, the current thriller in 1904 being "All For a Title" or "The Bankers Ward."

Local items gleaned from the old paper of 33 years ago are as follows:

Mr. and Mrs. Wm. Wittenburg and broke it, too. They called on spent Wednesday with her father in Schaumburg.

Miss Marie Williams entertained the bachelor girls at a Kaffee Klatch Saturday evening.

The school children were glad to celebrate Washington's birthday with a holiday on Monday.

Miss Kublank and pupils will give a basket social at the Plum Grove school house Friday evening, March 4. Proceeds go to the benefit of the school.

Dr. W. F. Schirring starts for home Feb. 27, having taken a special course of study in the hospitals of Vienna, Austria and will resume his practice in Palatine upon his return.

A fresh car of wet malt every Wednesday at Palatine.

H. F. Battermann & Co., Highest market price paid for wheat at the Palatine Flour Mills.

Mrs. Richard Foreman has moved from the farm to the Village into the house which she recently bought in the rear of St. Paul's church.

Ben Rigby is a patriotic citizen. He not only patronizes and gives news items to his local newspaper, but he speaks a good word for his home town at every opportunity. As a result, two of his city friends are likely to move to Palatine if they can find houses to live in. We should all do likewise.

Deer Grove

Ed. Landwehr visited at Barrington Sunday.

Miss Ida Landwehr visited at Chicago over Sunday and Monday.

The coffee and tea wagon got stuck in a snow bank here and had to lay up two days.

The entertainment given by the Deer Grove school was a great success. The highest basket sold for \$4.00. Total receipts, \$35.00.

Two young men from Chicago came out in a cutter, broke down at Des Plaines, borrowed another

Napoleon Was Superstitious

Napoleon III, emperor of France, was inclined to be superstitious, and historians report that he left the seal he wore on his watch chain to his son, the unfortunate prince imperial, as a talisman. This seal is said to have borne an inscription in Arabic characters, signifying: "The slave Abraham relying on the Merciful One (God)." The talisman lost its virtue on that unlucky day when, in far off Zuland, the heir to so many hopes was slain in a battle with natives.

The Early Slogan

Originally the slogan was a Highland battle cry; in recent use a term for a phrase used to promote a movement or to describe a particular form of advertisement. The word is derived from the Gaelic word sluaighairn; sluaigh host or army; gairn, outcry.

TREASURE UNDER- GROUND IN ILLINOIS

Released by the State Geological
Survey Through the Illinois
Chamber of Commerce

By D. L. Carroll, State Geological
Survey, Urbana

L. Coal To Burn

The coal produced by the mines of Illinois is equal to about half the amount mined in the entire British Empire. Translated into actual figures, this means that the mines of our State normally supply from thirty-five to forty-five million tons of coal each year to create power and heat for the Middle West. When we think of that much coal being taken out of our mines year after year, we may wonder how long we can continue to do so. The facts of the case are most gratifying, for we find that in more than 125 years of mining only about 1 per cent of the original supply has been removed, leaving enough to last us for thousands of years yet. By that time no doubt science will have the situation well in hand.

Official Publication

HARRY H. HITZEMAN, Attorney
105 West Adams St.,
Chicago, Illinois

STATE OF ILLINOIS, County of Cook—ss, Superior Court of Cook County.

CLARA MOBECK vs. ROY MOBECK. No. 378-2137.

The requisite affidavit for publication having been filed, notice is hereby given to you, ROY MOBECK, that a suit has been filed in the Superior Court of Cook County, Illinois, by the Plaintiff against you, for Divorce and for other relief; that summons duly issued against you as provided by law, and which suit is still pending.

Now, therefore, unless you, ROY MOBECK, file your answer to the Complaint in said suit or otherwise make your appearance therein, in the said Superior Court of Cook County, held in the Court House in the City of Chicago, Illinois, on or before the Third Monday of March, A. D. 1937, being the 15th day of March, A. D. 1937, default may be entered against you at any time after that day, and a Decree entered in accordance with the prayer of said Complaint.

VICTOR L. SCHLAEGEL,
Clerk.
Harry H. Hitzeman,
Attorney for Plaintiff.

Are Streets In Arlington Heights Safe?

How safe are pedestrians and motorists on the streets of Arlington Heights? How many lives will probably be lost, how many persons maimed on those streets this year? Which drivers will be responsible for the accidents certain to occur? Which pedestrians? These are questions of immediate interest to every person in the village. Answers to them will be given or indicated by the speaker at the meeting next Tuesday—March 2, of the Methodist Men's club. Mr. George Wardle will deliver the address of the evening on the subject "Our Responsibility in the Prevention of Automobile Accidents."

Mr. Wardle is a speaker of much experience and ability. He has frequently spoken from the platform and over the radio, and often on the subject named above. With the latest statistics now available, he will be able to present to Arlington Heights drivers, pedestrians, and parents information of much value to them. His study of the traffic accident problem will throw much light on the causes and prevention of such mishaps and tragedies. He is not a sensationalist, seeking to frighten people with horror stories, but a sane thinker with facts and suggestions which will be of great assistance to those who sincerely wish to make the streets safer. His analysis of the habits and practices of both drivers and pedestrians which result in injuries can benefit even an experienced and careful driver. Every member of the Men's Club should find Mr. Wardle's talk interesting and valuable. Persons who are not members may attend the dinner by making reservations.

NEW B&K THEATER FOLLOWS CORONET

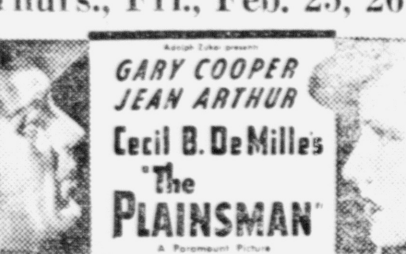

With Evanston citizenry voicing approval of the newly-opened Balaian & Katz Coronet Theater at 817 Chicago avenue, west suburban showgoers are also preparing to greet another new link in the B & K circuit, the Park Theater, at Hillgrove avenue near LaGrange road, LaGrange, Illinois, which will be opened next Saturday at noon (February 27).

The Coronet, formally opened Friday, was revealed as a distinctive new note in theater architecture. Resplendent in modern motif, it reflected a simplicity and restraint rare in theatrical structures. This decorative refinement enriches the entire treatment of the house. Notable, too, at the Coronet, is the acoustic perfection achieved by Balaian & Katz engineers. This coupled with the very latest RCA High Fidelity sound equipment makes possible faithful reproduction of motion pictures.

The Paddock Publications

Announces to Classified
advertisers that arrangements have been made with the Barrington Review whereby ads appearing in the classified section of the Paddock Publications can also be inserted in the Review at a special low price. The Review has an extensive coverage in Barrington, Lake Zurich and surrounding rural territory.

This service gives to the advertiser for one price a combined (sworn) circulation of 5,750 and is an unrivaled "buy" in classified advertising.

Boiler Explodes At Barrington

George Johnson, of Barrington, was burned about the face and arms when the boiler of the Cello-silk plant exploded last Friday afternoon.

The explosion occurred about 5 o'clock in the afternoon and was caused by a stuck safety valve. Windows and window frames were blown out. The plant is owned by John Saracino and is located about 2 miles west of Barrington on the Northwest highway.

C.A.C. Girls and Alumni Play Wheaton "Y" Teams At High School Sat. Night

The C. A. C. girls will seek revenge for the thorough trimming the Wheaton girls gave them several weeks ago when the two teams met at Wheaton. The girls will be strengthened by the addition of several players who found it impossible to make the trip that night.

Every week brings a noticeable improvement in the play of the younger members of the C. A. C. It is hoped that one or more of them will prove to be another Bernice Diederich, whose loss has been felt so keenly by the team this year. The absence of her timely passing, keen shooting and rugged defensive work, is reflected in the team's record this year.

The Alumni will have a tough game on their hands with a big and rugged Wheaton team, however, our boys are plenty rugged and big and rough in their own right. All season long the Alumni boys have been taking turns at the basket, one night it will be Koske, then Koelling, then Pingle, or one of the Brodnans, last time it was Weisgerber, who next, Schaeffer, Hurtell, Mors, who?

Remember the Alumni have lost only two games and claim they won't lose another, maybe it's their conceit, I think it's their record, warrants such a statement.

So long Neighbors, see you Saturday night, February 27, at 8 p. m., high school gym. Admission, adults, 15c; children, 10c.

Much Copper in "Iron Horse"
Although the steam locomotive has long been known as the "Iron Horse," says Science Service, each large one contains nearly 8,000 pounds of copper or its derivatives, states the Copper and Brass Research association.

Struck By Hit And Run Driver

Win. T. Patton of 415 Washington street, Barrington, was seriously injured when he was struck by a hit and run driver Saturday at about 6 p. m. at Franklin and Erie streets, Barrington.

Mr. Patton was able to drag himself to the curb where he lay unconscious for three hours.

He was found by Florence Burdett, of 404 E. Washington street. Mr. Patton is an employee of the Jewel Tea Co. and is reported to be in a critical condition.

Crystal and Silver Scene The Last Word

Roy Del Ruth, who directed the new musical extravaganza, "Born to Dance," coming Sunday and Monday to the Arlington theater, was amazed at what the art directors and set constructors accomplished with sets for a musical picture.

"There are seven sets, one for each of the songs written for 'Born to Dance' by Cole Porter," he explained. "The smallest of the sets covers an entire sound stage while the largest is more than twenty-five feet higher and fifteen feet wider than the 'Pretty Girl Is Like a Melody' number which was seen in 'The Great Ziegfeld'."

"This set, featuring the 'Swing-

ing the Jinx Away' number, is made of crystal, glass and silver, which is high-spotted by a huge back drop covered with 10,000 stars, more than 1,000 over the number that can be viewed at the Mt. Wilson Observatory. The set itself, designed by Merrill Pye in association with Cedric Gibbons, Chief Art Director, represents a battleship built as a modernistic fantasy.

"Weighing more than 120 tons, it took more than two months to complete construction. "The other sets include a replica of a submarine, two exterior submarines, a tender, a modern penthouse, a huge Broadway theater, a night club and six other novelty exterior sets," concludes the director, who was responsible for "Broadway Melody of 1936" and other musical successes.

New Zoning Board For Barrington

A new zoning board has been appointed by President Earl Hatje of the Barrington Village board.

The new zoning board is composed of E. M. Wallace, D. C. Schroeder, T. Owens, Irving Hager, and Norman Grant.

The appointment of the new board was brought about by several rezoning requests from Barrington property owners and the newly appointed officials will have immediate work to do in hearing the requests that have been presented.
